2. The preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, Interim Financial Reporting (IndAS 34) prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other accounting principles generally accepted in India, with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016 is the responsibility of the Company's management and has been approved by the Board of Directors. 3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. D-Mart follows **Everyday low cost - Everyday low price (EDLC-EDLP)** strategy which aims at procuring goods at competitive price, using operational and distribution efficiency and thereby delivering value for money to customers by selling at competitive prices.

Commenting on the financial performance of the company **Mr. Neville Noronha, CEO & Managing Director, Avenue Supermarts Limited**, said, “This quarter has seen slightly lower gross margins which is a result of our conscious effort to maintain or bring down prices for consumers across categories. Improved Profit after Tax (PAT) for the quarter is due to better operational performance and lower impact of interest cost as compared to last year June quarter. Q1 PAT tends to be better than full year results and hence must not be seen as a reflection of the entire year trend.”
